## VIEWING THE CANAL

President Roosevelt Takes Keen  
Interest in the Work.

## WORK PROGRESSING RAPIDLY

President Climbs up on Steam Shovel  
and Engineer Told Him Canal  
Engineers Were Not Paid  
for Overtime.

PANAMA, Nov. 16.—President Roosevelt, Mrs. Roosevelt and other members of the party visited Culebra cut today. The President is taking great interest in the various phases of the work and frequently interrogates the canal officials and workmen, showing how searching is his investigation of the canal affairs will be. One of the engineers of a steam shovel upon which the President climbed, took the opportunity to tell the President that the canal engineers had not been paid for overtime as railroad engineers are at present, and Mr. Roosevelt promised to look into the matter. The President spent some time in the deepest portion of the cut where last Sunday twenty-two tons of explosives were used to displace 35,000 yards of material. Several charges of dynamite were exploded today and the President watched the effect. The rain fell in torrents while the party were at the cut.

## WHO STOLE THE SACK

Missing Sack of Relief Funds Turns  
Up Suspiciously.

## FRIENDS SHIELD THE MAYOR

Express Company Turns Over \$1,000,  
But Refuses to Make Any Explan-  
ation From What Source the  
Money Was Received.

SAN FRANCISCO, Nov. 16.—A package of coin containing \$1,085.50, contributed by the citizens of Searchlight, Nevada, for the relief of the San Francisco sufferers, was delivered to the relief committee today by an express company. The package bore the inscription, "General Relief Fund, care Mayor Schmitz, San Francisco." The manager of the express company made the following statement: "There is nothing to be said in regard to this matter. We were unable to find the package containing the relief funds from the Citizens Searchlight. To close the incident, we made up a new package and sent it to the relief corporation today."

It is the consensus of opinion that as the detectives had been investigating the matter and traced the package to Mayor Schmitz, his friends made up the amount, alleged to have been misappropriated, in order to stop further investigation in the grafting which has been going on with the relief funds sent to San Francisco and which it is known over one million of dollars has been stolen. The express company refused to make a statement and this excites suspicion against Mayor Schmitz.

## PYTHIAN PAPER MOVES.

The "Senator" Transferred to Pendle-  
ton from the Metropolis.

PENDLETON, Nov. 16.—As a result of an agreement made in Portland Saturday, the management of the Senator, the Knights of Pythias paper for Oregon, Washington and Idaho, has been transferred from Frank S. Grant, of Portland, to E. B. Aldrich, of this city. The paper, which is a monthly, will be published in the future from the office of the East Oregonian and entered at the Pendleton postoffice.

The Senator is the official paper of the grand lodges of the three northwestern states, and it has been in existence for ten years. It is owned by a company in which the following prominent members of the order are stockholders:

Grand Chancellor Marion F. Davis; Judge W. L. Bradshaw, The Dalles; W. M. Calk, Portland; L. R. Stinson, Salem; Emile Waldman, Portland; J. H. Altlin, Huntington; D. E. Buchanan, Portland; J. W. Maloney, Pendleton; L. M. Cull, Albany; Herman Wise, Astoria; Turner Oliver, La Grande; Frank S. Grant, Portland; Dr. E. M. Graves, Sheridan; Walter G. Griffith, Eugene; G. C. Moser, Portland.

During the past year Frank S. Grant, the young Portland attorney, has been in charge of the paper. His resignation was given in order to permit him to devote his entire time to his law practice. The paper was brought to this city through the influence of J. W. Maloney.

In the Northwest there are 15,000 members of the order of Knights of Pythias, and the Senator is the only Pythian paper in the three states. It is also devoted to the interests of the Pythian Sisterhood, the ladies' auxiliary to the Knights, and to the side degree, the K. O. K. K.

With the change of management the size of the Senator will be enlarged and a strong effort made to extend its usefulness so that it may be of even more benefit to the order than in the past.

## "THE INSIDE TRACK."

A large and enthusiastic audience witnessed the initial production in this city of the sensational comedy-drama, "The Inside Track" at the Astoria Theater, last night, and the Mack Swain company added one more to their long list of successful dramatic productions. The ample stage room and superior accommodation of this theater afforded opportunity for proper scenic display and the production left nothing to be desired in any respect, but, on the contrary, was worthy of any city in the country. The settings for each act were pictures of realism, that of the third act in particular, a view of the Thames Embankment, London, with Blackfriars Bridge in the distance, being especially beautiful and true to life, while the finish of the act, in which a carriage and pair of horses are employed for the abduction of the heroine, was thrillingly realistic. Each one of the cast is deserving of naught but praise, with special honor to Cora King Swain, who appeared as "Vivian Foster"; Mack Swain as "Jim," a London "hooligan"; Daisy D'Arva as "Kitty," his wife, and Anna Jordan as "Jerry Twaddles," the rag-and-bone merchant. The same play will be repeated tonight and at both performances tomorrow. This afternoon, "When Women Love" will form the bill.
